Jay Raja, Senior Associate Provost  
Matt Wyse, Faculty Governance Assistant  
Deans

Re: Course, Curriculum, and Catalog Vendor Demonstrations

As part of ongoing conversations about how to best manage our course, curriculum and catalog processes, and after extensive preliminary review of existing products being used within the UNC system and with other peer institutions, a Request for Purchase (RFP) was issued. As a result of the RFP process, two products are being considered for the management of our course, curriculum and catalog processes. You are invited to participate in a demonstration of these two products, Digital Architecture (Acalog and Curriculog) and Leepfrog (CourseLeaf).

**Leepfrog (CourseLeaf Catalog):** <http://www.leepfrog.com/courseleaf/>

Thursday, March 20, 1:00-3:30 p.m., Friday 128

**Digital Architecture (Acalog and Curriculog):** <http://www.acalog.com/index.php>

Friday, March 28, 1:00-3:30 p.m., COED 065

You may view additional details on each product at their websites above. Please feel free to invite those colleagues from your area who are involved with the course, curriculum, and catalog processes.

Thank you in advance for your feedback and involvement with this process.
