Dr. Lisa Walker
Faculty President
UNC Charlotte

Dear Lisa,

In accordance with the faculty policy concerning award of posthumous degrees, I am forwarding a request from The Graduate School to award a graduate degree at the December 2016 commencement:

Ajeesh Suresh Babu, Master of Science in Mechanical Engineering

The justification for the awarding of the degree is attached. I endorse this request and ask that it be considered for faculty approval at the next Faculty Executive Committee meeting.

Sincerely,

Joan F. Lorden
Provost and Vice Chancellor for Academic Affairs

RE: Posthumous Degree Request

CC: Dr. Robert Johnson, Dean, Lee College of Engineering
Dr. Scott Smith, Chair, Department of Mechanical Engineering and Engineering Science

The Graduate School, upon the recommendation of the faculty of the Department of Mechanical Engineering and Engineering Science, requests the award of a posthumous degree of Master of Science in Mechanical Engineering to Ajeesh Suresh Babu (800875029). Ajeesh had completed 24 credit hours toward a 30 credit hour program (3.375 GPA) and all course requirements were complete. His advisor Dr. Mesbah Uddin states that the thesis research had been completed; the data were good and the analysis acceptable. All that was left to do was the writing. The student was enrolled in Master's Thesis Research at the time of his death.

If you have questions or need further information, please let me know.
