I. Report of the Chair – Dr. Concepcion Godev

Chair Godev opened the meeting.

A. Approval of the November 7, 2023, Meeting Minutes

Godev listed one edit to the minutes. There being no further comments, a motion was made by Allan with a second from Sarkar to approve the minutes pending the revision. The motion was approved by a unanimous vote.

II. Report of the Graduate School Dean – Dr. Pinku Mukherjee

- David Dalton attended the meeting to get information about continued funding for master's programs of graduate students holding an assistantship.
- Dean Mukherjee communicated that the initial funding was a two-year PILOT facilitated by the then, Senior Associate Provost, Dr. Jay Raja.
 - The plan was to have more students funded by grants.

- The new Provost, Dr. Jennifer Troyer, is working to identify other options. She will be discussing with the College Deans and may have some suggestions after December 18, 2023.
- The Graduate School does not fund this PILOT.
- This affects not just CHESS, but also COS, COB, and COAA.
- Funding depends on several factors – students graduating early, students moved over to grants, compensation packages, etc.
- There is no new funding currently. A communication will be forthcoming if there will be funding for the new class starting in the fall 2024.
- Right now, the base of funding is not changing.

III. Discussion Topics

A. Report from the Syllabus Review Committee – Joan Lachance and Kaus Sarkar

- Lachance communicated the following key points:
- They want to keep things simple and be clear about any changes that will impact the process of the Graduate Council.
- There is gray area as to how this may impact policy or procedures.
- In Curriculog, the department/college level completes the syllabus. One of the major questions is that we have no control over what the final product will be when the course is actually taught. So where does our responsibility end?
- Not every person entering information in Curriculog is a faculty member, some are administrative personnel.
- They will try and craft a proposal for review at the January 2024 meeting.
